SPEGELZOOM® by awum – the *new* mirror

Sophisticated design and astonishing function

THE NEW MIRROR

This new Swedish invention is an every day aid that helps you get a closer look - particularly if you are long-sighted or wear reading glasses. Thanks to the level surface it easily attaches almost anywhere on your bathroom walls and especially on the bathroom mirror. With this new magnifying mirror everybody easily will find themselves in the right distance for grooming. Available in two sizes – one to use at home, one to have at hand on the go.

MAGNIFICATION

The image of your eye, for example, is almost three times as big in SPEGELZOOM® as in your ordinary bathroom mirror and twice as big as in an usual concave makeup mirror. The magnification is 1,85 times, compared to the virtual size

SMART & STYLISH

- Helps women and men getting visual aquity – bigger and better than with glasses on
- Easy to attach to any smooth wall surface (hook&loop) – and easy to take down
- Moveable to different places, to the daylight and a must to bring on the journey
- Gives a magnifying complement to the overall picture of your face
- The smaller pocket mirror has two sides – one is magnifying and one is ordinary mirror
